

# Grafiflex Ink Block Textile Film

***Suitable For Dyed Garments***

Grafiflex Ink Block is a heat seal material for Cad-Cut applications on dyed garments (sublimation inks). The special formulation and processing of the material create a barrier to the dyes of the textile avoiding the sublimation bleed: decoration colour won't change over time.

## Application Instructions

- 1 Cut in REVERSE**
- 2 Heat apply for 15 second with its own polyester backing**
- 3 Remove backing when cold**

Due to the many different base materials available on the market, the following heat transfer instructions are given as guideline only:

**Temperature: 165°C**

**Pressure: Low**

**Dry-Cleaning: No**

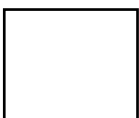

**Time: 15 sec.**

**Washable to: 30°C**

**Tumble dry: Yes**

These are the manufacturers guidelines

## Colours

White

Yellow

These colours are given as indication. Please refer to the samples to check the exact colours

We offer a wide range of **Grafiflex Textile Vinyl's** which enables us to offer something suitable for every budget and application.
